

# EQUINE WATCH

Providing a quality cost effective  
CCTV solution to the equine world

With over 25 years of working in the Security Industry for major National companies, we at Equine Watch have all of the experience, knowledge and expertise to be able to provide a quality professional service throughout the Europe without the inflated costs of the Major National suppliers.

Being owners of horses ourselves we are more than aware of the things that are important to you, we aim to provide systems that are tailor made to your specific requirements.

We specialise in providing both CCTV and Intruder Detection systems to provide protection for your Horses, Yard, Tack, Wagons, Machinery and your home that you are able to monitor and manage via your Smartphone/tablet wherever you are in the world.

In addition to this we have systems that you can take with you to shows, so no matter where you travel in the world you always know your horses, wagons and tack will be protected and you will be alerted to any issues via your Smartphone.

For a free no obligation demonstration and Quotation please call Paul On 0800  
2289717 or visit our website [www.cctvwatch.org](http://www.cctvwatch.org)
